How to Have the Best Cough Remedy and Save \$2 by Making It at Home.

Cough medicines as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy. Then get your drugstore 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you at least only 34 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Pull directions with Pinex. It keeps perfectly and tastes good. It takes hold of the usual cough or chest cold at once and keeps it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs. It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Pinex is a highly concentrated compound of genuine Norway pine extract, combined with granulated sugar and has been used for generations to heal inflamed membranes of the throat and chest. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. For 15 years she had looked after her employer like a mother, nursed him in ill health and cheered him in temporary reverses.

Holt, unmarried, was 53 years old when he died.

Miss Joe Susuki came to Seattle from Japan 16 years ago, drifting into the hotel owned by William Holt as a chambermaid with other women of her race. She soon displayed executive ability and a rare capacity to look after essential details. Holt made her manager of his hotel.

She soon became Holt's confidante, adviser and friend. She learned to speak English fluently.

The \$150,000 estate, including some of the finest fruit land in the state and a half interest in the hotel, was Holt's testimonial to the loyalty and efficiency of the little brown woman.

To the Occidental eye, Miss Susuki seems not to be affected in the least by the big change which has come into her life.

"I think I shall spend most of my time on the fruit ranch which he left me, in Yakima county," she said, in almost perfect English.

Next year, perhaps, she would journey to her home "in the old country," and see her parents, who live in Central Japan. Perhaps she would bring some of her relatives back with her.

"I will need some one to work the ranch," she explained. "I cannot look after it alone."

"You ask me so soon," she said, her pearl-white teeth flashing in a smile. "I have made no plans yet—no definite plans."

"Mr. Holt was always a nice man," she said slowly. "He was kind and gentle and good. He was always trying to do good. You met him once and then you liked him always after that. Everybody did. He had many friends."

PLAN GIRLS' CLUBS

At a special meeting of the committees appointed by the federated clubs and the representatives of the various civic clubs Monday afternoon at the Y. W. C. A. plans for the girls' clubs to be organized in the districts of civic clubs were explained to the delegates.

The committee had expected to meet with the leaders to have been selected by the clubs, but representatives were sent to be instructed and to obtain a better idea of the requirements of leaders to take charge of the work.

The beautiful work of the Camp Fire group, the highest in girls' clubs, will be closely followed, and the clubs will be known as a sort of auxiliary to the group, but will be maintained at a much less expense to the girls. The same constitutions and by-laws will be adopted and also the manual of the group. Degrees of honors will be conferred in much the same manner. Inexpensive arm bands will be secured marking the degree of honor as it is attained, and small stars will be presented for special work.

A central bureau will be established soon to which the guardians will go for reference. At some time in the near future a ceremonial meeting will be held to demonstrate the work of the Camp Fire.

The next meeting will probably be next Monday when the leaders will be present to take up their duties.
